

THAT ONE SWEATER

Based on the J. Crew sweater Jennifer Lawrence wears in *Don't Look Up*

I'm not a pattern writer, and this is my first time crocheting a sweater. It shows. This pattern has some funky bits that didn't turn out quite as I wanted them, particularly in the yoke, but overall it was a fun project and it's quickly becoming my favorite sweater to wear!

I'm planning on doing this again in the coming weeks, and hopefully I'll be able to work out some of the bugs, so keep an eye out for an updated version of this pattern within the next month or two! Also, if you have suggestions on how to improve this pattern, let me know and I'll work it into the next version!

NOTES

Stitch and row counts given are for approximately a women's large. Scaling instructions given in parentheses (Order of operations doesn't apply here but I tried to make it fairly obvious how to do these...give me a holler if the order of any of these calculations is confusing. Also, it should scale up fine but you might have issues if you try to scale down the sleeves, particularly at the neck). Sections of each round of the yoke are color coded, mostly for my own sanity as I write this, but hopefully it'll be helpful for you too!

Gauge: 4" = 12 st and 15 rows sc rib as worked in the body and arm sections.

BODY

ROUND 1: In Aran Fleck, fsc 108 (or multiple of 12, should fit comfortably around torso without stretching). Sl st to first fsc to form round (108 sc)

ROUND 2: Ch 1 (doesn't count as a st here or in following rounds), flo sc around. Sl st to first flo sc to finish round (108 sc)

ROUND 3: Ch 1, blo sc around. Sl st to first blo sc to finish round (108 sc)

Repeat rounds 2-3 until entire work is long enough to reach from armpit to hips (I think I did around 70 rounds for this. I'll get an actual count next time!). Cut yarn, tie off, weave in ends.

ARMS (MAKE 2)

ROUND 1: In Aran Fleck, fsc 42 (or multiple of 6, should fit comfortably around widest part of arm without stretching). Sl st to first fsc to form round (42 sc)

ROUND 2: Ch 1 (doesn't count as a st here or in following rounds), flo sc around. Sl st to first flo sc to finish round (42 sc)

ROUND 3: Ch 1, blo sc around. Sl st to first blo sc to finish round (42 sc)

Repeat rounds 2-3 until entire work is long enough to reach from armpit to wrist, then work 10 more rounds. (I think I did just over 70 rounds total for each of these. Unlike the body, I actually wrote this down so I could get the two to match...and then I promptly lost that piece of paper. Oops.).

Cut yarn, leaving a long tail, and tie off. Flip the last 10 rows down to form cuff, using the tail to whip stitch the cuff in place.

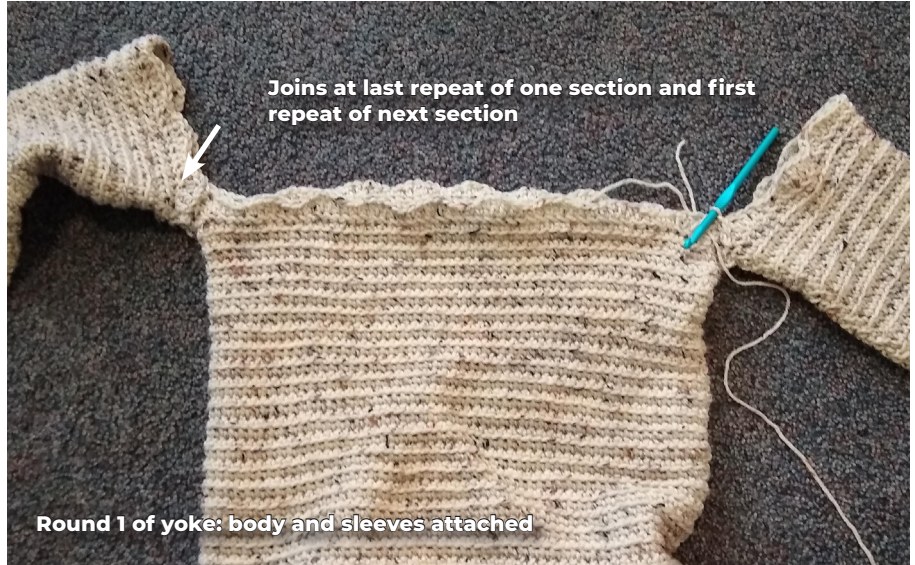

YOKE (THIS IS WHERE IT GETS HAIRY, Y'ALL)

ARAN FLECK SECTION 1

ROUND 2:

Note: My notes on this round are a mess. I know it's similar to Cafe Section 1 Round 1, but I'm not sure on the details of what I did here, and looking at the finished sweater doesn't help much. I'll try to math it out, but there's a good chance this isn't quite right. I'll fix this as needed in the next version!

NECK
