

THAT ONE SWEATER

Based on the J. Crew sweater Jennifer Lawrence wears in *Don't Look Up*

Here's the updated version of this sweater! The original (shown in the photos here) had some issues, particularly with the yoke. The pattern as follows is very similar, with some minor adjustments to help smooth out some of the bumpy bits (figuratively and literally), so some of what's written here, particularly in the yoke section, might not exactly match the photos. Also, calculations that say "half your multiple of 12" in the first version now correctly read "your multiple of 12."

If you have any questions, or if you have suggestions on how to improve this pattern, don't hesitate to get in touch!

NOTES

Stitch and row counts given are for approximately a women's large. Scaling instructions given in parentheses (it should scale up fine but you might have issues if you try to scale down the sleeves, particularly at the neck. Contact me if it's confusing!). Sections of each round of the yoke are color coded, mostly for my own sanity as I write this, but hopefully it'll be helpful for you too! I haven't proofed the stitch counts for this version yet, so they might not be totally accurate...let me know if you find an error and I'll fix it in the future!

Gauge: 4" = 12 st and 15 rows sc rib as worked in the body and arm sections.

BODY

ROUND 1: In Aran Fleck, fsc 108 (or multiple of 12, should fit comfortably around torso without stretching). Sl st to first fsc to form round (108 sc)

ROUND 2: Ch 1 (doesn't count as a st here or in following rounds), flo sc around. Sl st to first flo sc to finish round (108 sc)

ROUND 3: Ch 1, blo sc around. Sl st to first blo sc to finish round (108 sc)

Repeat rounds 2-3 until entire work is long enough to reach from armpit to hips (I did 70 rounds total for this). Cut yarn, tie off, weave in ends.

ARMS (MAKE 2)

ROUND 1: In Aran Fleck, fsc 42 (or multiple of 6, should fit comfortably around widest part of arm without stretching). Sl st to first fsc to form round (42 sc)

ROUND 2: Ch 1 (doesn't count as a st here or in following rounds), flo sc around. Sl st to first flo sc to finish round (42 sc)

ROUND 3: Ch 1, blo sc around. Sl st to first blo sc to finish round (42 sc)

Repeat rounds 2-3 until entire work is long enough to reach from armpit to wrist (for me this was 64 rounds). If you want to make the bulky cuff as seen in the original, work 10 more rounds. (74 total for me). For a more traditional wrist, omit the extra 10 rounds and work 2 rounds sc with a smaller hook to shape the wrist (I used an H hook).

Cut yarn, leaving a long tail, and tie off. Flip the last 10 rows down to form cuff, using the tail to whip stitch the cuff in place.
